Organizer · Rubric configuration specimen

Proposed demonstration rubric · Configure before judging opens. The saved rubric applies equally to every assigned project.

Criterion name	Criterion name	Criterion name	Criterion name
Innovation	Technical Implementation	Design Usability	Presentation

Score scale: 1–5 per criterion

Weighting: Equal · 25% each

Aggregate: Mean of judge totals / 20

Save rubric

Once judging starts, keep the rubric locked for comparable results. This is a static configuration specimen, not an implemented scoring service.

Table row

Participant	Skills	Role	Registration	Invitation
Maya Chen	React · UI/UX	Frontend	Registered	Accepted
Luis Ortega	Python · SQL	Backend	Registered	Pending
